> Fees and Compensation

Personal Capital Advisors charges a single fee based on the value of the Client’s assets under management. The single fee includes portfolio management, trading commissions, and custody services. Fees are calculated and deducted on a monthly basis in arrears. The daily market value of the assets under management is used to calculate the fee.

Clients are required to establish brokerage accounts at a qualified custodian (“Broker” or “Brokers”) identified by Personal Capital Advisors. All identified Brokers are member firms of FINRA and SIPC. The currently identified Broker is:

Pershing Advisor Solutions LLC
One Pershing Plaza, 4th Floor, Jersey City, NJ 07399
www.pershing.com/ria/index.html

All Client assets are held in custody at the above listed Broker. Pershing is not affiliated with Personal Capital Advisors.

The Client authorizes Personal Capital Advisors to debit the advisory fee directly from the Client’s investment account. If insufficient cash is available to pay such fees, securities in an amount equal to the balance of unpaid fees will be liquidated to pay for the unpaid balance.

Personal Capital Advisors reserves the right to reduce its advisory fee at its discretion, including for promotional events that may result in complimentary or reduced advisory fees for new clients, and/or to our current clients for referrals. The fee rate also has been reduced for personnel (including employees and consultants) of Personal Capital Advisors and its affiliates. These reductions apply to members of the same households, and Personal Capital Advisors may include former employees and consultants. All fee errors will be corrected immediately upon discovery and any errors over $10 will be communicated to the client.

In determining whether to establish an account, a Client should be aware that the overall cost to the Client of Advisory Services may be higher or lower than the Client might incur by purchasing separately the types of securities available through the Advisory Services. In order to compare the cost of the Advisory Services with unbundled services, the Client should consider the turnover rate in Personal Capital Advisors’ investment strategies, trading activity in the account, standard advisory fees, and brokerage commissions that would be charged at other broker-dealers and investment advisers.

Item 6 | Portfolio Manager Selection and Evaluation

> In House Portfolio Management

Personal Capital Advisors does not utilize outside portfolio managers. All accounts are managed by our in-house professionals.

> Investment Committee

Personal Capital Advisor’s Investment Committee acts as portfolio manager(s) for this wrap fee program. This may create a conflict of interest in that other investment advisory firms may charge the same or lower fees than Personal Capital Advisors for similar services.

> Advisory Business

Personal Capital Advisors offers its Clients an array of investment strategies (called “Personal Strategies”). A Client’s assets are managed within a given Personal Strategy® based upon the Client’s overall investment objectives.

A Personal Strategy® is a comprehensive investment portfolio. It is focused on achieving the Client’s financial goals, and is designed to grow with the Client over time. Portfolios in a Personal Strategy® can be customized for a Client’s needs or wants. Personal Strategy asset allocations go beyond basic stock and bond portfolios. They invest globally, primarily utilizing individual equities and ETFs. Our unique Smart Index Weighting approach adds further diversification and potential return by ensuring exposure to all areas of the U.S. stock market while avoiding being overweight to high-risk segments. Personal Capital Advisors believes that asset allocation is the most important investment decision. The goal-based nature of a Personal Strategy means the Client’s asset allocation is continuously linked to their evolving situation, thereby maximizing the likelihood of long-term success.

> Performance Based Fees and Side by Side Management

Personal Capital Advisors does not charge performance-based fees (i.e. fees calculated based on a share of capital gains upon or capital appreciation of the assets or any portion of the assets of an advisory client). Client fees are based solely upon assets under management. Personal Capital does not engage in side-by-side management.
